STAFF RECOMMENDATION:

REVENUES

Property Taxes

The District levies a property tax to (1) pay for debt service obligations and (2) pay for operations and maintenance (O&M) costs.

- 1) The debt service tax rate is determined by calculation based on the assessed valuation of property within the District. Pursuant to the Development Agreement, however, this rate is capped at \$4.69 per \$100 net taxable assessed valuation (NTAV). The District's debt service levy rate has been \$4.69/\$100 NTAV since bonds were issued in 2018.
- 2) The O&M tax rate is capped at \$0.30 per \$100 NTAV. The District's O&M levy rate has been \$0.30/\$100 NTAV since the District was formed.

The proposed combined property tax rate levy for fiscal year 2026 is \$4.99/\$100 NTAV. This is expected to generate net collections of \$1,502,110, including allowances for uncollectible amounts.

Investment Income: Unspent bond proceeds and property tax collections are held in trust, earning interest income, until spent on infrastructure acquisition or paying debt service obligations.

Developer Contributions: Pursuant to the Development Agreement, the Master Developer is required to make stand-by contribution payments to cover debt service obligations above what is collected in property taxes. Also, the Developer is required to cover O&M shortfalls, if any, up to \$30 thousand annually.

EXPENDITURES

Current Expenditures

This budget provides the capacity to pay for the following:

- 1) General administrative costs
- 2) District engineering costs
- 3) Street, right-of-way, and landscaping maintenance costs along public roads in the District

Debt Service: After the current year principal payments are made, the District will have \$25.97 million of outstanding general obligation bonds. Annual debt service obligations include bond principal, interest, and other costs such as bank trust fees. The principal is paid once a year on July 15. Interest is paid semi-annually.

Capital Outlay: During 2025, the District has the capacity to acquire infrastructure (roadways) from the Master Developer. Bond proceeds will be used to pay for the infrastructure.

FUND BALANCES

There are no ending balances as the District has the budget capacity to consume all of its resources.
